dedicated to excellence

Freedom

the new way to display...

The NEW Freedom range of library display systems from Frem is an innovative range of high quality, high impact display units designed to meet the challenges faced in today's demanding library environments.

Designed following extensive consultation with both architects and librarians, the Freedom range is an innovative, design led range of high quality, durable display units.

The small footprints characteristic of the Freedom range are ideal for library environments where space is at a premium yet there is a need to provide impactful durable displays.

Free title graphics...

There's three great things about the header title graphics supplied with Freedom range products.

- One: They are included in the price
- Two: You get to choose what they say
- Three: You get to choose the colours

When you order your freedom products simply specify what you want the text to say and what colour you want it to appear in. Colours can be chosen from our standard panel colours. If a colour isn't specified the text will be supplied in black. If text is not specified the product will be supplied blank.

Standard Panel Colours

Base colours supplied as shown

Bulk Buy Discounts

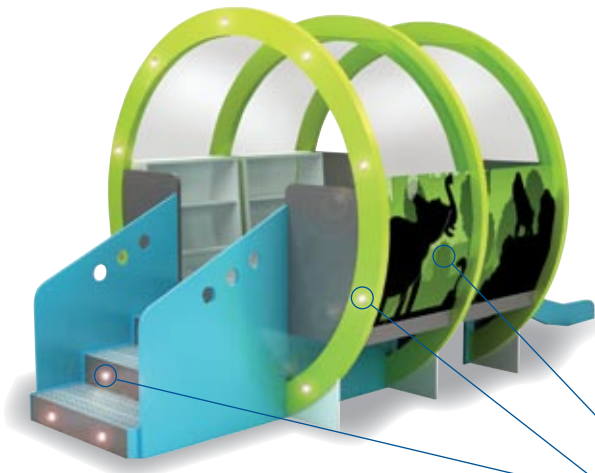

On all orders of five or more of the same display unit, a 10% discount will apply

*Std. Delivery to UK Mainland only
