3 High 30 Pitch Side Tambour

992H x 1000W x 460D
Code: STT30BDD

3 High 30 Pitch Side Filer

992H x 1000W x 460D
Code: SFT30B3D10

3 High 30 Pitch Cupboard

992H x 1000W x 460D
Code: CT30BC30

Every PURE unit is fully welded and finished to give a seamless picture frame and a robust structure that looks great and functions perfectly.

The rigid construction of the units enable relocation without the need for unloading the stored media.

We offer a lifetime guarantee.

The PURE storage range is manufactured in the UK using the latest manufacturing machinery and techniques.

PURE has been fully tested and certified by FIRA and meets all British Standards for:

STRENGTH, DURABILITY and SAFETY;
BS EN 14073-2 : 2004, BS EN 14073-3 : 2004 and BS EN 14074 : 2004

The modular PURE storage system features incremental internal pitching of 31mm ensuring that all types of media can be stored efficiently.

The fully welded and dressed corner detail reinforces the units adding to the strength and durability of the PURE range.

All units have a removal barrel feature from a mastered series lock.

PURE units are manufactured with a seamless back.

Ball bearing runners with integral anti-tilt system both sides.

Double skinned door construction improves sound absorbing properties.
